Challenges and new perspectives for the maritime industry in Germany, Norway and the Netherlands

online workshop

The two day online workshop aims to explore synergy and cooperation potentials concerning green shipping and digitalization activities in Germany, Norway and the Netherlands.

During the online workshop innovations will be presented and challenges in shipping will be discussed.

The event is aimed at shipping companies, shipyards, port operators, educational institutions, associations and clusters who would like to gain a greater awareness and understanding of these topics and exchange ideas.

The event will be held in English. Participation in workshop is **free of charge**.

The online event is conducted via **WebEx**. After registration, a link will be sent to the specified mail address, which will allow you to participate in the event.

The workshop is organized by [FME](#), [MARIKO GmbH](#) and [German-Norwegian Chamber of Commerce](#) and serves as preparation for an excursion to Norway in 2022 as part of the projects H2Watt and Kompetenzzentrum GreenShipping Niedersachsen.

We are looking forward to an interesting event with you!
